DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on December 15, 2008 has been entered. Claims 59-67, 69-75, 77-81, 83-91, and 93-105 are pending.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 59-67, 69-75, 77-81, 83-91, and 93-105 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In particular, the disclosure as originally filed does not support the limitation "wherein an amount of personal information requested from the customer when the customer is an existing customer is less than an amount of personal information

Art Unit: 3693

requested from a prospective customer” in claims 1 and 83. Furthermore, the disclosure as originally filed does not support the limitation “tailor(ing) an offer to the customer based at least in part on the determining” in claims 1 and 83 (emphasis added).

Claims 60-67, 69-75, 77-81, 84-91 and 93-105 are rejected under this section because they depend from either claim 1 or claim 83.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
